One Five

A Council newsletter, distributed the 15th of each month

Council on Technology Teacher Education

From The President

Beginning the unique opportunity of serving as 2007-2010 President of the Council for Technology Teacher Education has brought back many fond memories of Council activities. On the bright side, I remember the excitement of receiving a new CTTE Yearbook in the mail, and of congratulating excited CTTE award recipients at annual ITEA conventions. On the "less than brighter side", there were memories of early-morning Committee Chairs breakfasts at the conferences (often scheduled after a late-night meeting the evening before). I hope this is an enjoyable, successful three years of service to the Council.

While I've been busy with Council work since returning from San Antonio, this is probably the first major task as President. I plan to distribute a newsletter to Council members via the list-serve on the 15th of each month. Hence, the title "**One Five**". So, one down and only 35 more to go.

Effective communication is just one of my goals over the coming years. We have many challenges to address, from the support of collegiate programs to accreditation issues to leadership / professional growth work. Then, there are the "normal" tasks of the Council, such as keeping the annual CTTE Yearbook series interesting and worthwhile, and completing a few tasks from the April 2004 Strategic Plan.

This should be fun!

The Welty's with the CTTE award plaque.

Special thanks to Rod Custer, Michael De Miranda, & Mike Daugherty . . . all members of the CTTE executive team who completed their terms at the conclusion of the 2007 ITEA Conference!

CTTE Technology Teacher Educator Of The Year

Congratulations to Dr. Ken Welty of the University of Wisconsin-Stout for being named the Council's Teacher Educator Of The Year during the San Antonio conference. Ken was introduced by Brian McAlister (who used an impressive PowerPoint slide show to introduce the '07 recipient). Ken and his wife Judy were in attendance, and as the photograph shows, both truly enjoyed the recognition. Congrat's!

The Yearbook Committee Would Like To Hear From You!

The Yearbook Committee, under the direction of CTTE Past President Michael De Miranda, is seeking topics and writing team members for future publications. Please contact Michael at Colorado State with your suggestions and proposals . . .

A Call For CTTE Participation @ Salt Lake City

While we just wrapped-up the 2007 conference a month ago, our attention has already turned to the February 2008 convention in Salt Lake City. The last page of this newsletter includes an application to participate in the CTTE program in Utah next winter.

Over the last few years, ITEA conference planners have tried to assemble the entire program by mid-summer. That includes all special interest sessions, titles and presenters of Council events, etc. The same schedule is in place for the 2008 convention in Utah.

The enclosed form should be completed and returned to Marie Hoepfl, CTTE Vice President (who is in charge of the CTTE program). Note that all research presentation, professional presentation, and poster display applicants are to use the same form (so you may submit more than one form, as you seek to participate in the SLC convention). All Council research presentation applicants will have their proposals blind reviewed.

Photographs From San Antonio 2007

The hotels were full, the weather turned out just fine, and the Texas organizing committee were “outstanding hosts” of the 69th annual conference of the International Technology Education Association. This page includes a few photo highlights from San Antonio.

Michael De Miranda (CTTE President) and Lynn Basham (ITEA-CS President) served as co-hosts of the Yearbook Dinner on Thursday evening.

Marie Hoepfl presents out-going Past President Rod Custer a well-deserved parting gift.

Clemson University was the only school recognized with ITEA / CTTE / NCATE certification during the 2007 review cycle. Here Bill Havice (left) and Hal Harrison accept the award plaque for their school.

CTTE Application for Annual Conference Participation

70th Annual Conference—Salt Lake City, UT
