Preface

It is my pleasure to compile and to edit the 56th edition of the *Technology and Engineering Teacher Education Directory*. The publication of the *Directory* is sponsored by the Council on Technology and Engineering Teacher Education (CTETE), and was made possible by funding from Goodheart-Wilcox Publisher. The profession is indebted to Goodheart-Wilcox Publisher for their commitment to technology and engineering teacher education as evidenced through their continued funding for the publication of this *Directory*.

The *Technology and Engineering Teacher Education Directory* is provided to all members of the Council and to each institution listed within the *Directory*. Additionally, an electronic version is available on the CTETE website at <http://www.ctete.org/>.

Professionals interested in becoming members of Council on Technology and Engineering Teacher Education should visit the Council's website for membership information. Membership and participation in CTETE can help promote the further development and growth of technology and engineering teacher education.

I sincerely hope the *Directory's* presentation of institutional, enrollment, and graduation data related to technology and engineering teacher education will assist you in your professional endeavors.
